MOVING TO
COPENHAGEN?

www.relohagen.com

THE PROCESS

1 **Let us know about your situation**
We schedule an online meeting, where we get to know your needs and wishes for a smooth relocation.

2 **We commence our property search**
We get to work on finding the perfect place for your Copenhagen home.

3 **Viewings of properties**
You receive the listings of suggested properties. If you like a property, we schedule a viewing (possibly online).

4 **Signing the contracts**
We go through the details of the contract with you and handle the move in report with the landlord.

5 **Move into your new home**
We arrange the meeting for the take-over, while you pack your bags and get ready to move into your new home.

OTHER SERVICES

Visa service

Denmark's immigration rules and regulations are transparent; however, the process can be long if mistakes are made. Our experienced immigration specialists will council you on migration options, obtain documents, and define timelines to help you achieve the goal.
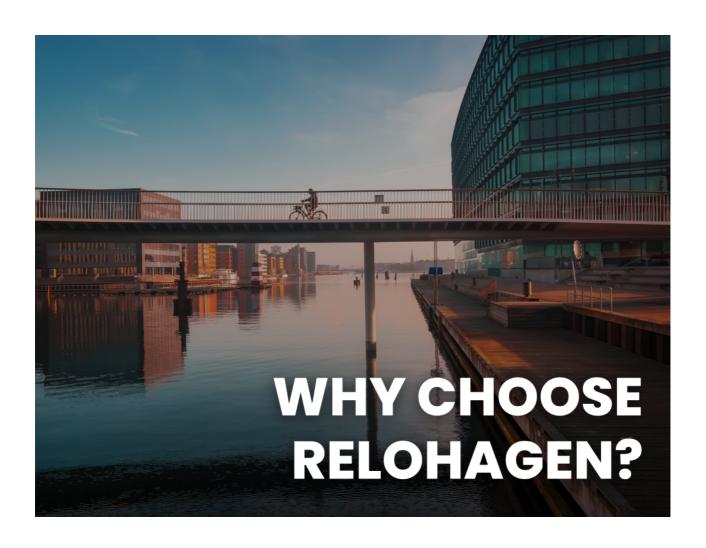

Settling in

A successful relocation is more than finding the right place to live. After the move, it is time to start a new life in a new country. As your relocation partner we can assist you with the essentials of settling in in Copenhagen, such as how to get around and home maintenance.

School search

If you have kids, we can help you find the right school or kindergarten. We will manage the sign-up process and make sure the right dialogue with the school is initiated.

WHY CHOOSE RELOHAGEN?

Relohagen has helped expats move to Copenhagen for more than 15 years. The team always go above and beyond to give you a smooth relocation experience. You can count on us, and we promise to go into every detail and help you through every aspect of your move.
